2. Present information in a logical order.
3. All text should be double-spaced.
4. Headings should be 25% larger than normal text. The rest of the title banner, and the body of the poster, should be legible from a distance of about 1.5m to 2m. Bold or other colors may be used.
5. Use consistent styles throughout – all headings should be same font and size and all explanatory text should be same font and size.
6. Do not use more than two fonts on a single poster.
7. Avoid using all caps, even for titles.
8. Use dark text on a light background.
9. Poster dimensions should be 90x60 centimeters - landscape orientation. Other sizes will be rejected.
10. Font sizes to be used: 20 to 24.

Note:

1. Each participant will be notified of his/her presentation day. On that day, at least one of the authors' paper should be present at the display location to answer queries of the audience.
2. Each presenter assumes responsibility for putting up his/her poster. Participants are encouraged to bring any stationary or equipment for such purposes.
3. Posters can only be displayed for one session. Presenters are kindly requested to remove their posters at the end of the session.
